

*The Difficulty**

The difficulty is not the phenomena. The phenomena are simple. The difficulty is the mechanistic mind that observes them, that can't cope with the changes. I don't believe in presenting the material perfect. See it as it is in nature. That's the only way to do it. For instance, you can't see the cancer process if you sterilize. Nature isn't sterile. See the discrepancies. Learn why they exist. Don't have any opinions, just observe and observe. It is not in me or in you, it's out there. That's the beauty of it. I love it.

As soon as you bring in your own personal things, it's not good. We have to keep out all the uncles and aunts and grandmothers and God knows what. Everybody wants to bring in the whole family. That would only ruin it. I used to be benign and let everybody in, but it was no good. We have to keep it pure. And I will keep it pure if I have to die in a lonely grave. It's a hard concept to get across. But I won't let this be spoiled by politics or by people getting their "piece" and God knows what else. It takes work and sacrifice and sticking to it.

*Reich made this statement during a conversation in 1948.

Redescobrimo e reinterpretando W. Reich

Caro Leitor

Infelizmente, no que se refere a orgonomia, seguir os passos de Wilhelm Reich e de sua equipe de investigadores é uma questão bastante difícil, polêmica e contraditória, cheia de diferentes interpretações que mais confundem do que ajudam.

Por isto, nós decidimos trabalhar com o material bibliográfico presente nos microfilmes (Wilhelm Reich Collected Works Microfilms) em forma de PDF, disponibilizados por Eva Reich que já se encontra circulado pela internet, e que abarca o desenvolvimento da orgonomia de 1941 a 1957.

Dividimos este “material” de acordo com as revistas publicadas pelo instituto de orgonomia do qual o Reich era o diretor.

01- International Journal of Sex Economy and Orgone Research (1942-1945).

02- Orgone Energy Bulletin (1949-1953)

03- CORE Cosmic Orgone Engineering (1954-1956)

E logo dividimos estas revistas de acordo com seus artigos, apresentando-os de forma separada (em PDF), o que facilita a organizá-los por assunto ou temas.

Assim, cada qual pode seguir o rumo de suas leituras de acordo com os temas de seu interesse.

Todo o material estará disponível em inglês na nuvem e poderá ser acessado a partir de nossas páginas Web.

Sendo que nosso intuito aqui é simplesmente divulgar a orgonomia, e as questões que a ela se refere, de acordo com o próprio Reich e seus colaboradores diretos relativos e restritos ao tempo e momento do próprio Reich.

Quanto ao caminho e as postulações de cada um destes colaboradores depois da morte de Reich, já é uma questão que extrapola nossas possibilidades e nossos interesses. Sendo que aqui somente podemos ser responsáveis por nós mesmos e com muitas restrições.

Alguns destes artigos, de acordo com nossas possibilidades e interesse, já estamos traduzindo.

Não somos tradutores especializados e, portanto, pedimos a sua compreensão para possíveis erros que venham a encontrar.
