

BAILLIÈRE, TINDALL & COX'S
IMPORTANT PUBLICATIONS

Sleep and the Treatment of its Disorders

By R. D. GILLESPIE, M.D., M.R.C.P., D.P.M., Physician and Lecturer in Psychological Medicine, Guy's Hospital, London.

"In 'Sleep' we have a monograph which is clear, concise and competent, by a writer who is both alive to modern points of view and able to profit by the wisdom of the ancients."—*Psyche*.

Size 7½" x 5". Pp. viii + 267, with 3 Figures. Price 7s. 6d. Postage 6d.

Jung's Two Essays on Analytical Psychology

Authorized Translation by H. G. and G. R. BAYNES.

First Essay—The Unconscious in the Normal and Pathological Mind.
Second Essay—The Relation of the Ego to the Unconscious.

Demy 8vo. Pp. xviii + 280. Price 10s. 6d. Postage 6d. extra.

Papers on Psycho-Analysis

By ERNEST JONES, M.D.

"This book is a compilation of papers on many of the topics which come within the scope of psycho-analysis. . . . The work is interesting and helpful, not only to those who wish to know what psycho-analysis is, but also to those already engaged in psycho-analytic investigation."—*Royal Society of Medicine*.

Third Edition. Royal 8vo. Pp. 2 + 724. Price 25s. Postage 6d.

Tredgold's Mental Deficiency

By A. F. TREDGOLD, M.D., Lecturer on Mental Deficiency, London University.

"Indispensable as a trustworthy guide to the most recent scientific and sociological findings in this department of human activity. . . . should be read and referred to by all who are called into relation with the mentally defective."—*Journal of Mental Science*.
